Mission

The Marketplace Ambassador Initiative is a movement to bring together followers of Christ in our business community; to stand and pray for spiritual transformation and to encourage one another to live as *effective* Marketplace Ambassadors for Christ. We achieve this by cultivating a Passion for Ministry at our workplace, Focusing on Christ Centered leadership, and equipping Business Leaders for Organizational and Professional Growth.

Our Purpose

In the marketplace our purpose is seen through the following:

Passion for Ministry in the Marketplace

We are fueled by a desire to see God move His Kingdom forward through the marketplace. Our passion is seen in praying for one another and promoting each other through our website, annual directory and weekly, monthly and quarterly meetings. We believe in proclaiming the gospel through our lives and through the spoken word when appropriate.

Christ Centered Leadership

We provide groups of basic accountability/confidentiality through which leaders meet often to help each other grow in their leadership skills and walk with Christ. Men's groups meet weekly, our Ladies group meets once a month.

Organizational Growth

We host Trusted Advisory Groups in which five to eight Leaders come together with the purpose of discussing business and life challenges. This is a monthly gathering in which there is a deeper sense of commitment as we strive to match our business practices with God and His Word.

Professional Growth

Executive Coaching is available for those Leaders who have a desire to have someone provide support, encouragement and accountability in assisting them to obtain higher goals in their personal and professional life.

Testimonials

The Marketplace Ambassador Initiative

Before I started participating in CBMC events, I was a Christian wondering how I could apply my faith to my work. Now, I have been connected to a worldwide and local network of Christians working to make a difference for Christ in the marketplace. It feels great to know that I am surrounded by friends who are helping me walk out my faith in the marketplace.

Workshops

Ricardo Vielmas did an outstanding job presenting the Servant Leadership series to our managers. He has a thorough knowledge of the material and his “down-to-earth, non-lecture like” presentation style was both energetic and entertaining which kept our group engaged throughout the series. Ricardo is very personable which makes it comfortable to participate in the discussion resulting in a better grasp of the material.

Metro Prayer Breakfast

This year’s Metro Prayer Breakfast was a humbling experience for me. To see the number of Christians who came out to show this community that they believed in the power of prayer was an experience I will not forget.
